Sweep features eligibility

Wells Fargo Advisors offers three Sweep Features for clients to earn income on uninvested cash balances in their account—The Standard Bank Deposit Sweep, Expanded Bank Deposit Sweep, and non-FDIC-insured Money Market Fund Sweep. Eligibility is based on the type of investment account (“Account”) and nature of Account ownership. Wells Fargo Advisors reserves the right to change the eligibility criteria for the Wells Fargo Advisors Cash Sweep Program.

FDIC insurance coverage for the Bank Deposit Sweep

Balances on deposit in the Bank Deposit Sweep programs, together with any other of your deposits at the Program Banks, are insured by the FDIC, an independent agency of the U.S. government, up to a maximum amount in accordance with the rules of the FDIC. Deposits (including principal and interest) at each of the Program Banks are eligible for federal deposit insurance up to $250,000. Different ownership categories of accounts are separately insured.

If you have other deposits at the Program Banks outside of the Bank Deposit Sweep Programs, you must aggregate all such deposits with your Bank Deposit Sweep Program balance for purposes of determining FDIC coverage. If your total funds on deposit at any Program Bank exceed the applicable FDIC insurance limit, the FDIC will not insure your funds in excess of the limit. You are responsible for monitoring the total amount of all deposits held by you or for you with these banks for purposes of determining the amounts eligible for coverage by FDIC insurance.
